Our services

This section provides details about our Equity Release service and how we charge, so it's important that you read it fully. If there's something you don't understand please ask us to explain it.

Whatever financial decisions you have to make, the first step towards making the right decisions is to establish a clear understanding of your needs. At our first meeting, we will gather information about you to help define your needs and priorities.

Equity release is a way of releasing the wealth tied up in your property. With an equity release product you have to be over a certain age (typically over 55) and own your own home. Where you are eligible for equity release we are able to advise on equity release products.

We'll only start work once we have agreed our services and charges with you. The Services Agreed (page 4) sets out the services we have agreed to provide and confirms how much this will cost.

Our advice

Where you are eligible for equity release, we provide advice on a range of equity release products. There are two main types of equity release product available on the market, these are lifetime mortgages and home reversion plans.

We advise on a comprehensive range of equity release products from across the market, but not deals that you can only obtain by going direct to a lender. Our advice will be based on the most suitable product included within the range available to intermediary firms. If there is a particular equity release product that you are aware of which is available directly from a lender that you wish us to review and comment on, we are happy to do so. We may charge you a fee for providing advice in relation to this but would agree this with you at the time.

Our charges

All actual charges and fees (in pounds and pence) will be agreed with you before we do any work and we will explain your payment options too. First Service Financial Ltd is not registered for VAT.
