Your Understanding

It is important that you read this document carefully. If there is anything you do not understand, please contact us immediately for an explanation. You indicate that you have read and understand all aspects of this document by signing the Declaration at the end.

Our Charges

The way we are paid for our services may depend on the type of advice given. Typically, this will be:

- **Investment Business:** fees agreed and paid by you; *and*
- **Insurance Business:** fees agreed and paid by you or commission payable by the insurance provider, which is a percentage of the total annual premium.

Our charges fall into the following categories:

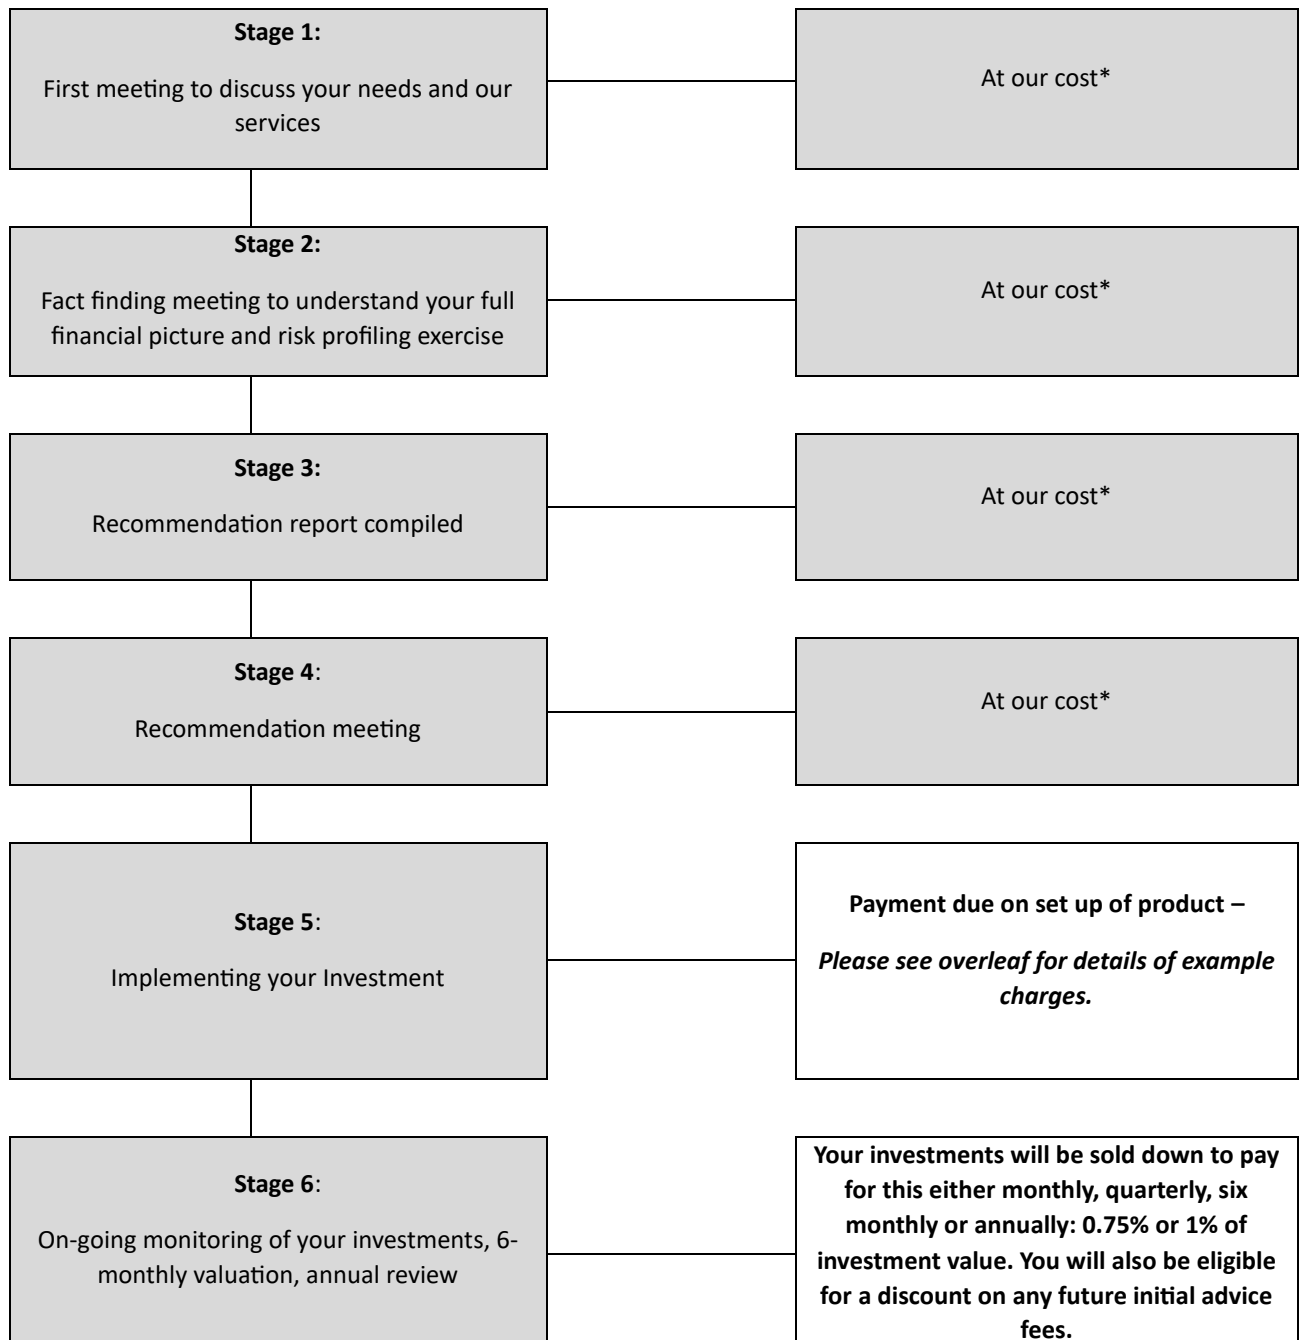

- a) **Initial Advice Charges:** these are the upfront costs of our services. We offer several types of initial service depending on your needs.
- b) **Ongoing Charges:** once your financial plan is in place it is important to keep it under review, so it can be adapted, where necessary, as your circumstances change. Our ongoing services are designed to do this.

Initial Advice Charges

Our initial advice Fee covers the following:

- All of our initial meetings
- Fact finding process
- Risk profiling
- Strategic advice
- Arranging and implementing your financial solution

The Process

*The cost is incorporated within the initial fee, which is payable only if you proceed with our recommendations.

Our actual charges and fees (in pounds and pence) will be agreed with you before we carry out any work and we'll explain your payment options too. First Service Financial Limited is not registered for VAT.

PLEASE NOTE: The charge presented at the time of recommendation is based upon the value of the amount being invested and calculated using the aggregate value of all funds under management with First Service Financial Ltd at the point of research. However, the actual charge will be dependent on the value of the funds being invested and calculated using the aggregate fund value of all funds under management at the point of transaction.

<p>Investments and Pensions</p> <p>Lump sums (new monies(gross)); Annuity Purchases</p>	<p>3% for investments up to £100,000</p> <p>2% for amounts between £100,000 to £200,000</p> <p>1% for any amount above £200,000</p> <p>(subject to a minimum fee of £750 for non-pension advice and £1,250 for pension advice and maximum fee of £20,000)</p> <p><i>Here is an example of how our charges could apply:</i> If you invested £100,000, you would incur a fee of £3,000 i.e.: £100,000 x 3% = £3,000 - Total Fee £3,000</p>
<p>Regular Contributions (new client plans and top-ups) – pensions and investments (Year 1 only)</p>	<p>20% of the annual gross investment with a minimum charge of £750 for non-pension advice and £1,250 for pension advice.</p> <p><i>Here is an example to show how this could work based on a £350 (gross) per month policy:</i></p> <ul style="list-style-type: none"> • Each month you pay your product premium £350 but for the first 12 months, your product provider pays us £70 of that £350. • Therefore, the total initial charge for our service is £840 • For the first 12 months - £280 per month is invested / £70 pays our charge. <p>For existing clients, the gross annual amount will be charged based on the cumulative basis as detailed under the ‘Investment and Pensions’ section above.</p>
<p>Drawdown and Transfers from Defined Contribution Pension Schemes</p>	<p>4.5% for investments up to £50,000</p> <p>A further 3% for an amount between £50,000 and £100,000</p> <p>A further 2% for an amount between £100,000 and £200,000</p> <p>A further 1% for any amount above £200,000</p> <p>(subject to a minimum fee of £1,250 and maximum fee of £20,000)</p> <p><i>Here is an example of how our charges could apply:</i> If you invested £100,000 from a defined contribution scheme, you would incur a fee of £3,750 i.e.: £50,000 x 4.5% = £2,250 + £50,000 x 3% = £1,500 = Total Fee £3,750</p> <p>For an existing client with investment funds only under management, the first £50,000.00 of a pension switch will be charged at 4.5% and the cumulative basis, based on total funds, thereafter.</p>

<p>Transactional</p> <p>Suitable if you just want help on a specific area but don't want a full financial planning review and are not looking for ongoing support afterwards</p>	<p>Our charges are calculated on the same basis as the services described above since the advice process followed is the same albeit limited to a specific area of your finances.</p>
<p>Stand-alone Cash Flow Forecasting</p> <p>Suitable if you want to model your assumed future lifetime cash flow without a review</p>	<p>Fixed fee £1,250</p>
<p>Protection</p> <p>We will advise and make a recommendation for you after we have assessed your needs for a protection product (Life Assurance, Critical Illness, Income Protection, Accident Sickness & Unemployment, Family Income Benefit, Home Insurance)</p>	<p>No fee – we will be paid by commission from the provider. Details will be provided to you in the suitability report.</p>
<p>Payment Options</p> <p>Initial charges can be paid in a number of ways:</p> <ul style="list-style-type: none"> • Cheque (unfortunately, we cannot accept payments by cash). • Payment via deductions from the financial product(s) you invest in, or (if relevant) deductions from the amount invested with a discretionary fund manager (DFM). Most product providers / DFMs offer this facility but using it will reduce the amount you have left to invest and may, depending on your circumstances, have other consequences (we'll discuss this with you beforehand). • For investments held on a platform (an online investment administration service) you can choose to pay our charges out of the funds held in the platform cash account or directly when appropriate/required. It is important to maintain sufficient funds in the account to cover our charges as they become payable. • If, as a result of our recommendations, you take out a regular contribution product where investments are made on a monthly, quarterly or annual basis, it may be possible to have our initial charges deducted from the product in instalments (where the provider is able to offer this facility). In such cases, our normal approach will be for the payment to be spread over a maximum of 12 months. • In some limited circumstances (for protection planning only) we may receive commission from a product provider in relation to a financial product we have arranged for you. If we are paid by commission, we'll tell you the amount before we carry out business for you. 	

Please note that where tiered charging applies, the charge is based on the value as at point of research.

Ongoing Advice Charges

Option 1 - Premier Service

Ongoing service	Ongoing charges
<p>Client Review</p> <p>This service provides a review by your adviser once a year and covers:</p> <p>A review of the existing information you have provided us in relation to your investment objectives, financial situation, attitude to risk and ability to bear loss in relation to your investment objectives and, where required.</p> <p>We will then provide you with a written suitability report with any updates required to your financial plan.</p>	<p>Our annual ongoing charge for this service is based on the valuation of your investment initially at the point of presentation of our recommendation to you but moves in line with the valuation of your investment at review (pre-agreed servicing arrangement).</p> <p>0.75% of the value of all monies invested. (subject to a minimum fee of £420). This will be reviewed annually, and discounted subject to portfolio size.</p> <p>Example: If client had £100,000 invested, client would incur ongoing fee of £750 [$£100,000 \times 0.75\%$] = Total Fee £750</p>

Option 2 – Premier Plus Service

Ongoing service	Ongoing charges
<p>Client Review</p> <p>This service provides a review by your adviser twice a year and covers:</p> <p>A review of the existing information you have provided us in relation to your investment objectives, financial situation, attitude to risk and ability to bear loss in relation to your investment objectives and, where required.</p> <p>We will then provide you with a written suitability report with any updates required to your financial plan.</p>	<p>Our annual ongoing charge for this service is based on the valuation of your investment initially at the point of presentation of our recommendation to you but moves in line with the valuation of your investment at review (pre-agreed servicing arrangement).</p> <p>1% of the value of all monies invested (subject to a minimum fee of £720)</p> <p>Example: If client had £100,000 invested, client would incur ongoing fee of £1,000 [$£100,000 \times 1\%$] = Total Fee £1,000</p>

Payment Options

Ongoing charges can be paid in a number of ways:

- A regular fee paid by standing order
- By deduction from your investment(s) on a monthly basis, where the product / platform provider or DFM is able to offer this facility
- For investments held on a platform (an online investment administration service) you can choose to pay our charges out of the funds held in the platform cash account or directly when appropriate/required. It is important to maintain sufficient funds in the account to cover our charges as they become payable.

Risks Associated with The Percentage Charging Structure

It is important to point out that where a percentage charge is used, there is a risk that poor customer outcomes could occur as money is being taken from your investment to pay for the advice you are taking.

There is also a risk associated with this charging model that clients with larger investments can end up paying more for the advice service they have taken from us, which is in fact the same advice we have given to another client, but they pay less because they have a smaller investment amount. To combat this risk, First Service Financial offer tiered charging to seek to level the playing field in this respect.

Cancellation of Ongoing Service

Where you elect to receive an on-going service, you have the right to cancel this at any time, with your instructions being effective immediately providing this is reasonable in the circumstances, without penalty and without you having to give any reason. In this regard you should contact us at either via e-mail: advice@firstservicefinancial.co.uk or telephone: 01509 438321. Alternatively, you may elect to refer to your chosen product provider direct.

We will complete any transactions or work that is in progress at that time of the cancellation, unless you do not wish us to do so. We may cancel any ongoing service agreement with you by giving you a minimum of 14 days' notice. No penalty shall be payable on any cancellation, but we shall be entitled to remuneration for work undertaken prior to such cancellation.

Other Charges

Depending on the services we provide, there may be additional costs and charges (including taxes), not charged by us, but related to the financial products we arrange for you. These charges may be one-off charges (payable up front) or charges payable on an ongoing basis. For example:

- Service costs: If your investments are held on a platform (an online investment administration service) or held with a Discretionary Fund Manager (DFM) or Discretionary Investment Manager (DIM), the platform provider / DFM or DIM will make a charge for administering / managing your investments.
- Investment costs: These are the costs relating to the manufacturing and managing of your investments – for example, fees charged by the investment fund manager, costs relating to investment transactions.
- We'll always disclose any third-party costs as part of making our recommendations.

Aggregated Costs and Charges

Before we provide you with our advice, we will add together all the costs and charges payable so that you are able to understand the overall costs of our services and recommendations. This is referred to as aggregated costs and charges information.
